PUMPS • FILTERS • BLOWERS • SEALS • MIXERS • REPAIRS • SPECIALTY • CUSTOM BUILDS

**ALL NEW!
 ARO 1 & 2"
 ELECTRIC DIAPHRAGM
 PUMPS**

**ABAQUE PERISTALTIC
 HOSE PUMPS**

Vertical turbine and
 horizontal split case pumps.

**340 series
 Double suction
 split case pumps**

**380 series HH
 Two-stage horizontal
 split case pumps**

480 series vertical turbine, open and enclosed line shaft submersible, axial and mixed flow pumps

ARO PUMPS Air operated piston and double diaphragm, sealless, with options for sanitary, powder, and fully automatic with electronic interface. Both bolted and band-clamp options.
 ARO offers a full range of accessories compatible with other diaphragm pumps and systems including: Filter-Regulator-Lubricators; Shock Blocker™ pulsation dampeners; and system controls options.

Electric diaphragm pumps available in metallic and non-metallic materials.

BLACOH DAMPENERS
 Remove hydraulic shock and vibration, enhancing all-around performance and reliability of fluid flow applications.

BLACKMER PUMPS Rotary sliding vane (including magnetic drive), iron and stainless steel, positive displacement pumps.
SPECIALTY PRODUCTS: Gas compressors, oil free, single and two stage, and liquefied gas pumps.

BLACKMER GEAR PUMPS
 10-15% savings on high quality replacements for Viking pumps and parts. Pumps available in sealed and seal-less (magnetic drive) cast iron, carbon steel, and stainless steel construction.

DEAN PUMPS
 Inline, ANSI, high temperature, vertical sump, self-priming, API610 (5th edition) Magnetic drive ANSI and hot water and hot oil pumps.

DICKOW MAGNETIC DRIVEN PUMPS
 Magnetic Drive metallic pumps including high temperature, ANSI, DIN, API-685 centrifugal, side channel and multi-stage used for hot oils, liquefied gases and volatile and corrosive liquids.

Ultra-fast delivery on seal support systems, cartridge, mechanical, and split seals.

FINISH THOMPSON PUMPS
 ANSI teflon lined, small plastic/sanitary centrifugal mag drives and drum pumps. Stainless and plastic sealed pumps and accessories.

Also distributors for: • AMERIFLO • ASI • CONTINENTAL BLOWERS • CONTINENTAL PUMPS • LMI • MDM • MODY • SETHCO • VANTON and many more

More products and services on reverse side

FUSION FLUID EQUIPMENT
Industrial and sanitary mixers, mixer accessories, complete agitation systems, large top entry, side entry, portable and fixed mount (including stainless steel), drum, tote and small mixers (all stainless), mixer stands and impellers.

Submersible Pumps of all kinds to 250 HP. From clean water to sewage with rags to difficult slurries, HCP offers iron, stainless, and hard metal. Std, Axial Flow, Cutter, Grinder Designs. Guide rails and other accessories available.

L3 SCREW PUMPS

LEISTRITZ offers a complete range of screw pumps to handle viscous fluids at high pressures, low pulsations and low vibration. This includes the Flexcore with an easy-to-change insert and flexible casing and L2, L3, L4 models.

Lobee Pumps

POSITIVE DISPLACEMENT GEAR PUMPS

LIQUID RING PUMPS (pumps up to 20% gas)

FLOW RATERS

VERTICAL SUMP PUMPS

M-D Pneumatics®

VACUUM BOOSTER

BLOWER PACKAGE

AIR & GAS BLOWERS & BLOWER SYSTEM SOLUTIONS
Rotary positive displacement blowers and vacuum boosters. interchange units for Roots, Sutorbilt and Duroflow.

KINNEY®

LIQUID RING

VANE

ROTARY PISTON

KINNEY VACUUM PUMPS-Dry Screw, Liquid ring (1 & 2 stage), Rotary Piston, Rotary Vane, Vacuum Boosters and Custom Series Solutions specifically for your application.

MTH PUMPS

Regenerative turbine pumps for low flow, high pressure applications (up to 1000 PSI/150 GPM), close-coupled and washdown centrifugal pumps (capacities up to 150GPM/153' total head).

Our new partnership with NEPTUNE gives you much QUICKER DELIVERY!

POLYPROCESSING TANKS
High-density cross-linked polyethylene and linear polyethylene tanks, to 150°F, atmospheric pressure. Options for full drain, double wall, cone bottom, horizontal, seismic, ASME D 1998, UL listed, oxidation resistant, heat traced, insulated.

REPUBLIC BLOWERS
Regenerative single and two stage blowers and vacuum pumps to 400 CFM, 20" HG, 9 PSI. Air knives and air wipes. Dry rotary vane pumps.

RICHTER PUMPS & VALVES
Centrifugal magnetic drive sealless lined pumps. Handles up to 400° F, flow rates up to 1800 GPM, sizes up to 6 X 4 X 13. Regenerative, turbine, self priming and vortex also available.

WE ALSO CUSTOM BUILD UNITS AND SYSTEMS

All-in-one mobile vacuum pump package with control panel for power plant.

Explosion proof compressor package to transfer liquified gases.

2175 PROCESS PUMPS
Interchangeable w/ Goulds® 3175

SN PUMPS
C.I. (Opt. SS)
Interchangeable w/ Gorman Rupp® T and Super T

2196 ANSI PUMPS*
Interchangeable w/ Goulds® 3196

PROGRESSING CAVITY PUMPS
Interchangeable w/ Moyno®

2796 SELF-PRIMING PROCESS PUMPS
Parts interchangeable w/ Summit 2196 ANSI (Ex. Casing)

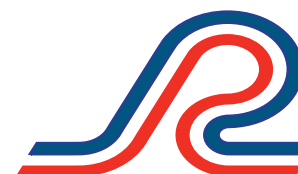

2996 ANSI INLINE VERTICAL PUMPS
Interchangeable w/ Goulds® 3996

PARTS, SEALS & SHAFT KITS
For Flowserve®, Goulds®, Moyno®, many more

VERIFLO PUMPS
Horizontal, close-coupled or base mounted, self-priming. Trash handling. Vertical metallic sump, and cantilever.
